PERFECT FINISH BY **SILCO**

1970 Dura-Tape Blue

Premium masking tape 100°C

Description:

1970 Dura-Tape Blue was designed to solve all needs in masking during automotive repair: consistent and comfortable unwinding, simple tearing, good conformability to different shapes, paint resistance and consistently high adhesion to masking paper and film or when used tape on tape.

Combination of years of experience, premium and stable supplied crepe paper, extra saturated with well-balanced water-based latex for better performance, natural rubber based adhesive and raw materials of first class quality assures comfortable use, application up to 100°C, high adhesion and clean surface without and adhesive traces.

Technical information:

Colour	Blue
Total thickness	125 µm
Adhesion	4,3 N/25mm
Tensile strength	100 N/25 mm
Elongation to break	8 %
Temperature resistance	100°C (30 min)

Dimensions & Packaging:

Width	Length	Packaging
48 mm	50 m	Box, 24 pcs
36 mm	50 m	Box, 24 pcs
24 mm	50 m	Box, 36 pcs
18 mm	50 m	Box, 48 pcs
